EDUCATION

- Bachelor of Technology in Computer Science and Engineering** 2022 – 2026
Velagapudi Ramakrishna Siddhartha Engineering College, Vijayawada CGPA: 8.69
- Board of Intermediate Education, Andhra Pradesh** 2020 – 2022
DKNP Junior College, Vissannapeta, Percentage: 95
- Board of Secondary Education, Andhra Pradesh** 2019 – 2020
Sri Siddhartha Public School, Vissannapeta Percentage: 97

PROFESSIONAL SUMMARY

Enthusiastic Computer Science Engineering student eager to apply technical expertise, strong problem-solving abilities, and critical thinking skills in real-world settings. Passionate about contributing to meaningful projects, collaborating with diverse teams, and continuously expanding knowledge in the ever-evolving tech landscape. Actively seeking internships to gain hands-on experience and make a positive impact through innovation and dedication.

INTERNSHIPS

- AI-ML Virtual Internship** 04/2025 – 06/2025:
- Web Development Internship at VaultofCodes** 05/2025 – 06/2025:

PROJECTS

Automatic River Cleaning Robot, *Epics Project*

Utilizes object detection technology for efficient waste identification and removal. The system is powered by IR sensors and microprocessors, employing CNN and Deep Q learning models for real-time navigation and decision-making. The project aims to enhance river cleanliness and promote environmental sustainability.

Optimized CNN Model for Real-Time Concrete Crack Detection and Monitoring, *MINI Project*

In this project, our team developed an optimized CNN model for real-time concrete crack detection and monitoring to support efficient infrastructure maintenance. The model accurately detects and classifies different types of cracks from image inputs using preprocessing, data augmentation, and transfer learning. It provides real-time feedback on crack location and severity through a user-friendly interface, enabling timely and proactive repairs.

CERTIFICATIONS

- PCAP: Programming Essentials in Python (issued by Cisco)
- Java Foundation Certification (issued by Infosys)
- Introduction to Artificial Intelligence (issued by Infosys Springboard)

SKILLS SUMMARY

- Programming Languages:** Python, Java
- Technologies:** Frontend Development (HTML, CSS, JavaScript), Python Packages (pandas, numpy), MySQL.
- Courses:** Object Oriented Programming, Data Structures and Algorithms.
- Tools:** GitHub, Google Colab, Jupyter Notebook, Microsoft Office Suite (Word, Excel, PowerPoint).
- Soft Skills:** Analytical Thinking, Effective Communication, Problem Solving, Teamwork, Time Management

VOLUNTEER EXPERIENCE

National Service Scheme (July 2022 - July 2024)

Position:: NSS Member.

As an NSS Member at VR Siddhartha Engineering College, I actively participated in community development initiatives such as cleanliness drives, health and awareness campaigns, and social service activities. This experience enhanced my sense of social responsibility, teamwork, and leadership in serving the community.
